

My name is Kerani Cameron of [REDACTED]. I was a victim of domestic violence and mysoginy for 10 years fromm 2004 until 2014. I suffered numerous black eyes three blood noses, a cut arm which required stitches and lost two homes due to property distruction and violence from partner. I became a part of the Abuse cycle and dependant on the abuser. I had 4 restraining orders on my ex partner.

The resources and information in WA on what to do in the event of dv are as follows:

The women's refuge association.

Centrecare counselling.

Perth police headquarters.

Legal aid domestic violence unit.

crisis line.

I was blamed for the abuse in a victim blame mentality and lost two children due to the support given to the abuser. The victim of dv is not to blame for violence and all money raised in this commission should be to help victim and placed into resources for her to survive and access new accommodation, lawyers and stay safe. If this saves one women,s life then that is what this was for.
