

Royal Commission into Family Violence

1. What worked Well?

110% works excellent - When the Perpetrator went on a holiday to [REDACTED] for a week – '[REDACTED] kms away' from the Residence/Town/City where the Victim and children were situated at the time.

Nothing else at all has worked well with regards to Family Violence as experienced from day one to present date.

2. What worked Poorly?

- Police/ Breaches/ Courts

- My very first call to the Police was on the [REDACTED] re: family violence – perpetrator verbally abusive to family using coercion and threats. The Police arrived to the house and allowed the Perpetrator to remain in the house after their visit. The Perpetrator was to leave the next morning, although he never did and Police never followed it up.
- [REDACTED] in the evening, the Police were phoned re: family violence – perpetrator verbally abusing, making threats and assaulted. No police attended.
- [REDACTED] early hours in the morning, the Police were phoned again re: the victim scared and frightened. Police said, “Put something solid against the door” No police attended.
- [REDACTED] in the morning, Police were phoned re: I was scared. Police said, “Ring 000”.
- [REDACTED] I phoned the Police again re: I was so scared and the Policeman said, “Go down to the Courts and get an Intervention order (IVO)”
- [REDACTED] I attended the [REDACTED] Courts in the afternoon and applied for an IVO. A date was set for [REDACTED] for Court to be heard. When I arrived home, the perpetrator was at the house. - BREACH#3 - [REDACTED] the perpetrator phoned [REDACTED]
[REDACTED] phoned me and said he was very angry and abusive. I packed our bags and went to stay [REDACTED]
[REDACTED]

- [REDACTED] I represented myself with the duty lawyer and it was thrown out of Court as the perpetrator did not show up again, therefore 12 months was still granted.
- BREACH#4 – [REDACTED] phoned me to warn me to get out of the house as the perpetrator was furious and angry again. So I phoned the police and they said “ring 000 if you are scared.” The Children and I went and stayed at our [REDACTED]
- BREACH#5 - [REDACTED] the perpetrator was seen [REDACTED] The person didn’t want to do a statement and I was told by police that I was not allowed to do a statement. Later I have been told different that I could have done the statement and [REDACTED] could have went as the witness.
- [REDACTED] x2 police officers came to the house and said “you have been obstructing” as the perpetrator was trying to criminalise me for [REDACTED]
[REDACTED] The perpetrator phoned the police that evening at [REDACTED] and they were on my doorstep at [REDACTED] I know these times because the phone call [REDACTED]
- BREACH#6- [REDACTED] refer to **Appendix 3** (Police would not do a statement even though both solicitors had the evidence [REDACTED] [REDACTED] They said I could do the statement and bring it in, which I did and they refused to sign it.)
- BREACH #7- [REDACTED] perpetrator phoned [REDACTED] to find out what the children and I are up too.
- BREACH#8 – [REDACTED] perpetrator phoned [REDACTED]
- [REDACTED] Federal Magistrates Court [REDACTED] - Refer to **Appendix 4**. [REDACTED] never attended the Drug and Alcohol and Anger management counsellor for assessment as No documents were ever produced to my Solicitor. Therefore the Perpetrator BREACHED (#9) the FAMILY COURT Order so the lawyer said the children were not to go.
- [REDACTED] Federal Magistrates Court [REDACTED] – **FAMILY VIOLENCE FILED Refer to Appendix 4a**

 - [REDACTED] – **Federal Magistrates Court** at [REDACTED], it went for [REDACTED] days. As per **Appendix 18** Handovers were changed from Police station to [REDACTED]. At [REDACTED] my lawyer resigned after representing me and the orders were set due to the perpetrator and his lawyer knowing that he represented the perpetrator in the [REDACTED] magistrates court as a Duty lawyer as a respondent to the IVO earlier in the year. Therefore it was a conflict and the perpetrator's lawyer should have been held with contempt.
 - **BREACH#33** - [REDACTED] Law Firm Withdrawal
 - [REDACTED] Law Firm appointment
 - [REDACTED] The Perpetrator using [REDACTED]
- Refer to **Appendix 19**
- [REDACTED] **Magistrates Court** – The Perpetrator fined [REDACTED] for Breach on [REDACTED]
 - [REDACTED] **Magistrates Court re: perpetrator breaches**. It took 12 months for the first breach to be heard. They never looked at any of the other breaches. My assault hadn't even reached the court system. The perpetrator's lawyer cross examined me (the victim) about family law matters in this hearing re: criminal matters and custody of the children. He was out of order.
The Perpetrator was given a [REDACTED] fine and [REDACTED] suspended jail sentence.
 - [REDACTED] – **Federal Magistrates Court** [REDACTED] The perpetrator threatened [REDACTED] was crying. [REDACTED] was threatened. His behaviour manner was out of order. - Judges

- Judges in The Federal Court [REDACTED] hearings are all random and move around

Where as !

- Judges in Circuit Court hearings as [REDACTED] is the same Judge, which is onside with the perpetrators' Lawyer/Barrister, and the Family Report Writer and [REDACTED] contact centre – the Entire Group all for the perpetrator.

- Family Report Writer and Children Independent Lawyer

- Updated family report was required at every family court hearing from the same Judge [REDACTED]. The Family Report writer [REDACTED] was selected and I know he wrote for the perpetrator, as this writer is well known to do this., he does not support Victims and children in Family Violence. In all reports written he never once supports the Victim and children also the perpetrator. I do believe that this type of behaviour is a large contribution to “power and control” pushed and paid by the Family Court. I would have liked a chance to get a second opinion but there is no support for the Victim and children. As per **Appendix a**.
- The Independent Children’s Lawyer was ordered by the Family Court to be involved on the [REDACTED] for Children to have a voice! For the Final Court Hearing. Sadly not the case in these circumstances. [REDACTED] saw the children ONCE only on the [REDACTED]. It was only approximately less than [REDACTED] for the interview [REDACTED] went in together and [REDACTED] [REDACTED] for my eldest [REDACTED]

3. What we could do better for in the Future

- **Change the Name to 'POWER & CONTROL'**
Not Family Violence because the perpetrators think when they hear Family Violence is that they don't do violence because they don't punch or hit, so they don't do Family Violence. But they do this in the "Power and Control Wheel" Intimidation, Emotional, Isolation, Blaming, Children, Male Privilege, Economic, and Coercion.
- **COURT** - FAMILY COURT should not commence if there is an IVO – Intervention Order as a Interum or Final.
- **NEW LAW ACT** - Federal, States and the Territory Government must put in place now, **'NO to Power & Control/Violence Act 2015'** to make entire Australia united. There will be continually more and more IVOs being applied and more and more Family Law to the more sad news of Murders to Victims. "Inquest hearings" will be the norm just as Family Law and Criminal Law is and this is all not needed anymore just another Court Hearing and more money for Judges, Barristers, Lawyers and Family Report Writers.
- The **'family violence protection act 2008' Section 96 and the Family Law Act 1975 – Commonwealth Law** is to be deleted and rewritten to todays society. **(Between both Acts, 33 years in between)** The two acts Do Not speak to each other. Family law act 1975 overrides the Family Violence Protection act 2008.
- **POLICE**
- attend a 3 year University Degree to understand the Law etc. Teaching and Nursing is a 3 year degree.
- to work in a Specialised Area such as Family Violence, an extra year of study is required. To be a critical care nurse it is an extra 12 months study.

The Police Remove the Perpetrator from the Premises and put an interim Intervention order in place straight away. *"It's like the fox and the hen with chickens, you remove the fox from the hen and chickens"*

Police should contact a Locksmith to come to the house and change the Locks.

Police should be more punctual and professional on their behaviour when they go to the house where the victim and children live. Times such as 2245hrs are not appropriate when it is to follow up a minor issue such as a notice

Police Reports are to be continued on by the next officer on duty.

Cameras need to be installed immediately to stop the Breaches from Occurring.

The Court orders are not worth the paper they are written on, as the perpetrator does not abide them.

The perpetrator MUST obey by the law and show a report of good behaviour and respect to all mankind for a minimum of 12 months.

No form of Control and Abuse by the perpetrator to be shown – (Child support and Spousal Maintenance of not paying)

If any Children are involved the perpetrator has NO contact what so ever, until proven to may strict guidelines are meet. (not like today's guidelines there is nothing)

The Courts need to be sharing the information between them such as Federal, State, Family, Criminal in order to properly

The victim MUST always have a Highly Qualified Lawyer/Barrister that knows the LAW

The victim MUST have a security room available and not to be thrown into the courts all done on Video link
